Draft

WGDR Programming Committee Meeting September 18TH, 2008

Members attending

Dave Ferland, Cynthia Johnson, Daniel Marcus, Charles Rossell

The committee accepted the Minutes of the June 26, 2008 meeting. There was a discussion about distributing the Minutes of future meetings to interested parties before final approval to keep those parties more timely informed, and it was agreed to do so in the future.

Cynthia will preview 3 indicated shows submitted for possible use at WGDR .

Explorations, 420 Drug Report, Law and Disorder

We had a short dissuasion about what questions to put on the on line survey to come, and the type of survey it would be. This project is in it's infancy.

Dave started a dissuasion about what parameters have been used in the past, and what maybe used in the future to fill open time slots. Dave suggested he would like to meet monthly to discuss specific time slots as they become open. This was a very

lengthy discussion that took up the bulk of the meeting, at the end of which the group agreed to try to meet monthly for said purposes, and set the next meeting for the first Thursday of November. Thursday November 6TH, 2008 at 10 A.M.
